

BLOOMING 9 PATCH

Darcey Tredway

This quilt is constructed of 9 patches and plain squares, very easy to make! The fabric selection is the most important part of this quilt. Large flowers or busy prints work well, it's not necessary to have a color scheme but you can chose to do so.

You will need 8 fabrics. It will be helpful if you have the strips cut prior to class. This quilt finishes at 72"x84"
