

CHARM PACK QUILT

quilt finishes up at 38" x 42.5"

(<http://sewmeblog.blogspot.com/2015/03/charm-pack-quilt.html>)

You need:

42 - 5" charm squares (Moda pre-cuts already contain all 42)

25" x FWOFF of solid border fabrics

10" x FWOFF for binding

backing and wadding - needs to be bigger than 38" x 42.5"

1. Layout charms as shown in picture.
2. Cut solid border fabrics into 4 strips of 2.75" x FWOFF (for the two inner border rounds) width and 4 strips of 3.5" x FWOFF (for the outer border rounds).
3. From each 2.75" solid strip cut a 9.5" strip (for innermost border) and a 23" strip (for middle border). You will have 4 of each.
4. Stitch all of your rounds together using 0.25" seam and adding solid strips for each round to the sides first and then to the top and bottom of the quilt.
5. When you come to the outer borders, use the 3.5" strips again adding to the sides first and then the top and bottom. Trim the excess.
6. Baste and quilt as desired.
7. Cut 4 2.5" strips from your binding fabric to bind and finish quilt.

Finishing notes:

The designer opted to outline quilt each round $\frac{3}{8}$ " on either side of the seams and then finished it off.
