

Double Slice Layer Cake

48" x 61"

The above version of this quilt has been modified adding sashing between the rows to achieve the longer length of 61". The original Missouri Star design is pictured inside with a link to their video.

Quilt size: 48" x 61"

Blocks: 20 blocks 9" x 9" finished

Setting: 4 x 5 horizontal

Inner border & Sashing between rows: 1" wide (cut 1.5")

Outer border: 5" wide (cut 5.5")

Block instructions:

This block was designed to use "Layer Cake" 10x10 pre-cut fabrics OR you can cut your own 10x10 fabric squares. Fat quarters also work well for this 10 x 10 size. For an ideal scrappy look use 20 different contrasting prints (10 will also work).

<p>10" x 10"</p> <p>A</p> <p>3.5" 6.5"</p>	<p>B</p> <p>5" 5"</p>	<p>C</p>
<p>Stack several of the 10" squares lining them up carefully and rotary cut them as shown (see A above) into a 3.5" strip and a 6.5" strip. Sew both pieces back together making sure you have 2 different fabrics that contrast. Press the seams to one side.</p> <p>Stack the squares ready for the second cut. Cut vertically into two 5" sections. (see B above) Take 2 different sections making sure you have fabrics that contrast, reverse the pieces (see C above) and sew back together.</p> <p>Your blocks should now measure 9.5" square. Arrange the blocks as shown in the picture of the quilt, 1 horizontal and 1 vertical. This way no seams between the blocks will touch each other making it very easy to piece.</p>
