

Dear members,

When you read the monthly Treasurer's report and look at the amount of savings we have, it's impressive. A small group of people have raised the idea of using those resources to stretch our guild, our experiences, our contributions to the community. Kim Barr and Marcia Healy have been given permission from the board to ask guild members if they would like to use some of these savings toward something new. We would like to hear your ideas. Please fill out the following questionnaire and turn it in at a meeting or mail to Valley Quilters Guild, P.O. Box 2582, Palmer AK 99645

Be aware that Kim and Marcia are willing to do the legwork to implement any new ideas decided upon by the group. Please give us your ideas!

- 1) Would you like to see the guild spend some money on new ideas? How much?
- 2) What kind of ideas would you like to see? Dream big! Tell us what you think.
- 3) Would you like to serve on a "New Ideas" committee? Or help with a particular project?
- 4) Do you have any experience/insight into your idea?
